

FOR IMMEDIATE RELEASE

**Voyage Consulting Group CEO  
Awarded Certification as Virtual Presenter**

**(KANSAS CITY, MISSOURI, February 11, 2021)**

eSpeakers, the online source for booking professional speakers, awarded Kelly Byrnes, Voyage Consulting Group's founder and CEO, its Certified Virtual Presenter designation on February 10, 2021.

The certification, earned by fewer than ten percent of professional speakers, verifies that Ms. Byrnes has the skill, environment, and equipment to deliver impactful presentations remotely. Only nine other professional speakers hold the certification in Missouri. Six speakers hold it in Kansas.

eSpeakers created the certification in 2020. Dave Reed, President of eSpeakers, said, **"When you hire a Certified Virtual Presenter you can be confident you're hiring someone who will look good and sound good online, and is comfortable using the tools.** We see virtual presentations being a big part of what speakers are doing in 2020."

**"I am excited to assure companies who book me that their people will be in good hands—**with a pro who knows how to use the technology well and won't waste their time fumbling around," said Ms. Byrnes.

To learn more about Ms. Byrnes's speaking experience, topics, and availability, please visit the Voyage Consulting Group website [Speaking](#) section.
