

Introduction of Kelly Byrnes
May 4, 2023

We are excited to welcome Kelly Byrnes to our event!

Kelly is from Kansas City and has worked with companies around the country as an employee, consultant, and executive coach.

She is all about company culture and how purpose, principles, and people drive performance. She's worked in that space for 20+ years—long before it was trendy! She'll share a few stories about her early days being a trailblazer in the company culture space back then.

She founded Voyage Consulting Group in 2016 to help companies and leaders understand their culture and purpose because of the difference it makes in people's lives at work and beyond work. She has worked with a variety of organizations from financial services to healthcare, from science to high-tech, from marketing to manufacturing.

In addition to leading Voyage, Kelly is an adjunct professor in the MBA program for Rockhurst University, four-time Amazon bestselling author, and writer on Forbes.com. Her focus in everything she does is on living and leading in alignment with your core values.

She is involved in the community too. She's been a board member and volunteer for organizations focused on everything from business growth to children to her parish to athletics to dogs.

She is married to Bob--a retired firefighter, EMT, and Air Force veteran. They live on the Missouri side of KC. Their daughter's family lives in Montana, which they love to visit every chance they get.

We are excited to share Kelly with everyone today as she shares how we can all live and lead The All-In Way!

Please join me in welcoming Kelly!
